JL Penegak 6 RT008 RW002 No22A Kecamatan Matraman Kelurahan Palmeriam

Passionate PHP/Laravel web developer focused on building efficient, secure, and high-performance web applications. Always learning and eager to deliver innovative digital solutions.

Work Experiences

Lembaga Layanan Pendidikan Tinggi Wilayah III Jakarta - Jakarta, Indonesia

May 2024 - Mar 2025

APP Developer, data and information

Internship - Information System & PDDikti

- Spearheaded the full-stack development and deployment of core internal platforms (SATU, SI-JAKI, and SIREJAK), successfully automating administrative workflows, enhancing data management, and elevating overall service delivery.
- Engineered responsive UI/UX designs for the NIRM/NIRL search system, optimizing end-user navigation and streamlining the technical integration process for third-party vendors.
- Configured and deployed critical web applications (including SATU LLDikti and SI-JAKI) utilizing Nginx servers, ensuring high availability, improved system performance, and secure data access.
- Executed complex academic data validation utilizing advanced PDDIKTI queries and Excel, ensuring absolute accuracy for institutional graduate records and degree verification.
- Authored and managed the publication of 26 official institutional news articles on the LLDikti Wilayah III portal, strictly adhering to regulatory compliance and public information accuracy.

Lembaga Layanan Pendidikan Tinggi Wilayah III Jakarta - Jakarta, Indonesia

Jul 2023 - Jan 2024

Archive Digitization

Internship - State-Owned Asset Administration

- Architected and developed the "SATU" (Sistem Administrasi Tata Usaha) web application, streamlining internal document management and operational workflows for the General Administration and State Assets division
- Engineered "SIREJAK" (Sistem Informasi Rekam Jejak Perguruan Tinggi), a comprehensive monitoring system designed to centralize institutional historical data and evaluate the performance track records of universities.
- Administered official correspondence using SINDE and SIAP platforms, ensuring accurate digital archiving, automated document tracking, and the timely execution of digital signatures.
- Spearheaded the classification and systematic disposal of over 600 inactive record bundles, ensuring strict compliance with the national archive retention schedule (JRA) and regulatory standards.
- Conducted comprehensive data analysis and assessment on institutional records, formulating data-driven strategies to optimize the transition from physical to digital archival storage.
- Collaborated with cross-functional teams to integrate digital automation into administrative workflows, significantly reducing manual processing time and enhancing cross-departmental productivity.
- Managed data recapitulation and reporting for divisional operations using advanced Excel, improving the accuracy of financial and administrative tracking.

Lembaga Layanan Pendidikan Tinggi Wilayah III Jakarta - Jakarta

Jun 2025 - Jan 2026

APP Developer and Administration

Internship - State-Owned Asset Administration

- Spearheaded the frontend modernization of core institutional platforms (SATU, SI-JAKI, and SIREJAK), executing comprehensive UI/UX redesigns to enhance usability, modernize visual aesthetics, and ensure intuitive user navigation.
- Architected and developed "SIPENCAK" (Sistem Informasi Pencairan KIP Kuliah), a brand-new information system built to track, manage, and streamline the disbursement process for the national KIP Kuliah scholarship program.
- Managed data recapitulation and reporting for divisional operations using advanced Excel, improving the accuracy of financial and administrative tracking.
- Administered official correspondence using SINDE and SIAP platforms, ensuring accurate digital archiving, automated document tracking, and the timely execution of digital signatures.

Education

Universitas Persada Indonesia Y.A.I - Jakarta, Indonesia

Jul 2020 - Aug 2024

Bachelor Information Systems, 3.51/4.00

- Participated in the "Kampus Merdeka Bela Negara" program, an educational initiative from the Kementerian Pertahanan Republik

Indonesia.

- Participated in Community Service for the "Education Information Technology and Sociality" event, organized by the Information Technology Student Association of Universitas Persada Indonesia Y.A.I.
- Internship and Independent Study Program, Lembaga Layanan Pendidikan Tinggi Wilayah III Jakarta.

Organizational Experience

Fasilkom Universitas Persada Indonesia Y.A.I - Jakarta

Jun 2024

Speaker

Speaker/Panelist, "Y.A.I Talkshow: Engaging Campus Discussion with Megaswara Bogor 100.8 FM"

- Represented the university as a key panelist on a live radio talk show to discuss the practical application of academic studies within a government institution (LLDIKTI Wilayah III).
- Shared first-hand insights on public sector innovation, detailing involvement in digital archiving projects and administrative automation to educate and inspire listeners.
- Demonstrated strong public speaking and communication skills by effectively answering interview questions and leading an interactive discussion on student career development.

EDUCATION INFORMATION TECHNOLOGY AND SOSIALITY - Jakarta

Jun 2023

Third Party Partnership Associate

Content Team EDUCATION INFORMATION TECHNOLOGY AND SOSIALITY

- Managed the comprehensive written documentation for the "Education Information Technology and Sociality" session, ensuring accurate recording of key discussions and technical insights.
- Produced engaging post-event recaps and content summaries to highlight the intersection of educational technology and social impact for a broader audience.
- Collaborated within the Content Team to synthesize event materials into structured reports and articles for organizational publication.

Informatics Engineering Student Association

Jul 2022 - Jun 2023

Member

- Capturing Events: Attending and documenting all HMTI events, workshops, seminars, and meetings through photography, videography, and detailed note-taking
- Archiving Information: Organizing and maintaining a comprehensive digital and physical archive of all collected documentation, including meeting minutes, event reports, photos, and videos
- Content Creation: Developing and curating engaging content for HMTI's social media, website, and other communication channels, often using the documented materials. This might include creating photo albums, highlight reels, and written summaries
- Report Generation: Assisting in the preparation of official reports and presentations by providing accurate and well-organized documentation.
- Brand Consistency: Ensuring all visual and written documentation adheres to HMTI's branding guidelines.
